

you certainly have plenty to do as you work toward merging North American Martyrs and St. Michael Parishes, you are most welcome to visit us here at any time. And this invitation continues to hold for your parishioners. Know that we do wish you well as you work toward the merger and will certainly keep your needs before our loving and gracious God.

Again, thank you for all you do for us. You have a place in our daily prayers of gratitude. May you walk in Beauty at Christmas and always.

Blessings and care,
